ROSA BARBA INTERNATIONAL LANDSCAPE PRIZE  
by FUNDACIÓ BANC SABADELL

The Rosa Barba Landscape Prize, sponsored by Fundació Banc de Sabadell, will be announced within the framework of the 9th International Biennial of Landscape Architecture which will take place on the 29th, 30th September and 1st October 2016 in Barcelona. The Rosa Barba Landscape Prize is open to submissions to all kinds of landscape projects and planning developed around the world from 2011 to 2016. There is a sole award, which has an economic endowment of 15.000 euros. It will not be declared null under any circumstances. The winner and finalists will present their projects during the symposium, that will take place on the 29th September 2016. The projects selected by the International Jury will be published in the catalog of the 9th Biennial, featured in the Rosa Barba Prize exhibition sponsored by Fundació Banc Sabadell and displayed on the Biennial digital archive.

To participate, fill out the on-line registration form clicking [here](#).

CALL FOR ENTRIES is open until the 31st March 2016.

## TOMORROW LANDSCAPES

INTERNATIONAL BIENNIAL OF LANDSCAPE ARCHITECTURE  
29th, 30th SEPT and 1st OCT 2016

Since its first edition, the European Landscape Biennial has expressed its desire to intently study and discuss landscape interventions, as much from the perspective of landscape architecture as from other disciplines linked to its study and evolution. The Biennial has been consolidated on a European scale in its seven previous editions – "Remaking Landscapes" (1999), "Gardens in Arms" (2001), "Only with Nature" (2003), "Landscape: a Product / a Production" (2006) – "Storm & stress" (2008), "Liquid Landscape" (2010) and "Biennial versus Biennial" (2012); during the last and eighth edition, the Biennial has unveiled new landscape realities through the internationalization of its Rosa Barba Landscape Prize. With "A Landscape for You" Barcelona opened itself to international landscapes for the first time. Next September, with its ninth edition "Tomorrow Landscapes" the symposium will take place in the Petit Palau de la Música for three days and will include talks, presentations by those finalists competing for the Rosa Barba Landscape Prize, papers, roundtable discussions, exhibitions and samples from which we will be able to track and discuss the evolution of landscape architecture worldwide.

## TRGA PRAVOSLAVLJA

## SQUARE OF ORTHODOXY

## CUADRADO DE LA ORTODOXIA

### | 9A BIENNAL 2016

Square of Orthodoxy (Trg Pravoslavlja) is situated in the center of Derventa in Bosnia and Herzegovina. In the past, before the war in Bosnia and Herzegovina, there was the park with bistro and terrace. It was a meeting place, to enjoy the beautiful park ensemble. After the war, the park was treated as a town square and the site has undergone a number of changes: on the west side, the pedestrian street was made; on the top of the location, the monument was built on the top location and in the central part of the square, the Serbian Orthodox Church.

The basic idea of planning the Square of Orthodoxy in Derventa is guided by the collective memory of the place in terms of reminiscences of past. The main reference for the design of the Square is in the fresco painting in Orthodox Church and cubism landscape design. Designing process took into account the low-budget of the project.

The project respected an urban context, urban fabric and all client requirements. The problem of large deleveling of the Square (more than 7m) is solved by the cascading. The composition of greenery supports the existing one and particularly plane trees (genius loci). Landscape design and lighting design supports and highlights the bold sense of the space, the horizontal lines of the Square and vertical lines of the church.

Since 2015, citizens of Derventa are using Square mostly for everyday children's play, socializing and place for an active break. Several large public events were held there so far.
